American Optometric Association
The AOA recommends an annual eye and vision evaluation. Routine, eye care is important to maintain good eye health and clear comfortable vision. The following are common issues that often go over looked but can lead to significant discomfort and irritation.

Presbyopia
Reduced ability to focus up close and increased need for reading glasses

Computer Eye Strain
Visual fatigue and discomfort while using digital devices

Dry Eye Disease
Chronic progressive damage to the ocular surface
Central Oregon Eyecare
Central Oregon Eyecare is made up of a team of caring Optometric Physicians, highly trained technicians, experienced opticians and friendly personable staff members. Our Doctors routinely diagnose and treat the following:
- Macular Degeneration
- Glaucoma
- Ocular Surface Disease
- Cataracts
- Foreign Body Removal
- Many more

We also offer a huge variety of glasses in our frame gallery with many exclusive framelines. As well as the largest selection of sunglasses in Central Oregon.

The Program
The Sight 4 Life vision benefit program is specially designed for local businesses that want to provide vision benefits for its employees and their families. As a discount program there’s no cost to employers, however members of the program gain discounts on annual eye exams, eyeglasses, diagnostic testing, contact lens evaluations and contact supplies.

Discount Details:
- Exam: 20% off regular price
- Diagnostic Testing: 20% off
- Eyeware: 20% off
