

COVID-19 Disinfection Treatments for the Bend Business Community

In today's world of the COVID-19 pandemic, people are frightened. Provide your employees and clientele the peace of mind that your businesses will exceed all safety and well-being standards. We use **electrostatic fogger technology** and the highest quality **hospital grade, CDC-approved anti-microbial disinfectants**, not over the counter cleansers. Stop the spread of dangerous pathogens like COVID-19 with our programs. We offer three core disinfection programs for you to choose. Call us today to safeguard your business.

COVID-19 Disinfection Treatments

Individual treatments can be purchased to safeguard employees, customers, family and colleagues. We will treat all high touch, higher risk surfaces in every area of your business to eliminate 99.9% of bacteria and viruses.

Disinfection Treatment Packages

Purchase a bundle of treatments for your business to be utilized as needed. Packages of six, twelve and twenty-four treatments are available for one low price.

Comprehensive Treatments

In the event of a positive COVID-19 case in your inner circle of family, friends and colleagues, let our team provide peace of mind with a comprehensive treatment.

Contact us today and services can begin within 24 hours
