

## COVID-19 Disinfection Treatments and Professional Cleaning Services

In today's world of the COVID-19 pandemic, people are frightened. Provide your family, friends, tenants, employees and customers the peace of mind that your property is doing everything it can for their safety and well-being. We exclusively use the latest **electrostatic fogger technology** and highest quality **CDC-approved, hospital grade anti-microbial disinfectant**, not over the counter cleansers. Stop the spread of dangerous pathogens like COVID-19 with our treatment programs. Safeguard your family, friends, clients and colleagues with our professional cleaning and disinfection services.

### Residential Cleaning Services

Do not let COVID-19 prevent you from receiving regular housecleaning services. Our professionally trained cleaning staff will take the utmost care in protecting your family's safety and well-being. Our crews wear a full complement of personal protection equipment in order to prevent any cross-contamination including masks, safety glasses, gloves, and booties. We have even taken the step of disinfecting all tools and equipment before they are brought into your home. When our staff has finished cleaning your home, we will disinfect all areas to ensure the highest levels of safety and well-being. Our experienced staff is fully insured and bonded.

### COVID-19 Disinfection Treatments

Our solutions are tailored to the needs of each residential and commercial property. Preventative disinfection of the "high risk" or "hot spot" surfaces regularly receiving human contact like handles, knobs, bathrooms, elevator panels, railings, mailboxes, counters, tables, chairs, benches and refuse containers. The more comprehensive, "Emergency" service is designed for properties where someone has been exposed to COVID-19. Our trained professionals will treat all surfaces from six-foot-tall down to the ground utilizing hospital grade chemicals, the latest disinfection and sanitization techniques and electrostatic fogger technology. All treatments are documented.

Call today and we will provide you with a complimentary estimate. Services can be performed within 48 hours.
