- The YP Passport Holder is the only person with access to the benefits listed below.
- The YP Passport Holder will need to sign up for each event, they will not be automatically registered.

2024 YP Passport Packages

Overview

The YP Passport is designed to make attending YP events easy and less costly for everyone. It allows early to mid-career team members to engage, learn, and connect with year-long professional and personal development programs and relationship building events.

Purchasers have their choice of an Individual or a Business Flex Passport. The Business Flex option allows a business to purchase one, or many, YP Passports to share amongst employees. There is still only one ticket per Passport, per event. For example, if a business holds two Business Flex Passports, they may send two employees to each event under the Passport. The perk of this pass is to allow for more flexibility, account for scheduling issues, and make employee turnover easier on HR departments.

YP Passport holders are offered a minimum of 25 opportunities to attend educational and social events each year!

According to the 2023 LinkedIn Workplace Learning Report, 93% of organizations are concerned about employee retention, and the number one way organizations are working to improve retention is by “providing learning opportunities.”

Business Flex YP Passport

The organization owns the Passport and decides who will attend events throughout the year.

This Passport is not tied to one employee. If some employees are more focused on networking, they can attend socials while others attend educational events.

Bend Chamber Members: \$500
Non-Chamber Members: \$600

Individual YP Passport

The associated individual maintains control over the Passport and has sole access to all events for the year.

This is a great option for individuals hoping to take advantage of the full range of programming all year long.

Bend Chamber Members: \$250
Non-Chamber Members: \$350
